- Extra ingredients (below)s. Use 1 drop of essential oil. When using vegetable oils such as jojoba, use 1 tablespoon.

#### Ingredients you can add to the Oil mixture:

- **Castor oil** acts as a skin cleansing agent. It can be drying. If you skin is oily, add more castor oil instead of olive oil.
- **Olive oil** also acts as a cleansing agent and is rich in antioxidants and helps help free radical damage. Great for wrinkles!

- **Carrot seed essential oil** is used primarily for its healing properties and effects on the skin. It stimulates circulation, repairs and tones the skin, increases elasticity, reduces the formation of wrinkles, and scars.

### Instructions:

Mix up the ingredients. This is for one face wash. Apply to skin in a circular motion for 2 minutes. Using a warm face cloth, rinse and wipe off face. Your face will feel very oily while you are cleansing. Do not worry. The face cloth will remove the excess oil and when you dry your face with a towel, this will too. The results are super soft skin!
